SEC. 104. LAND PROVISIONS

(A) General Requirements Concerning Land. The Public Body shall:

(1) Take all necessary steps to remove or abrogate all legally enforceable provisions pertaining to the restriction of the use of the land it is acquiring and/or developing, upon the basis of race, creed, color, or national origin.

(2) Include in every agreement, lease, conveyance, or other instrument whereby the land is disposed of, an affirmative covenant binding on the contractor, lessee, grantee, or other party to such instrument and on the successors in interest to such contractor, lessee, grantee, or other party that there shall be no discrimination upon the basis of race, creed, color, or national origin in the use or occupancy of the land. The covenant shall recite that the United States is a beneficiary of the covenant and entitled to enforce it.

(3) Not sell, lease, or otherwise dispose of the land except with the prior written approval of the Secretary.

(4) Not voluntarily create, cause, or allow to be created any debt, lien, mortgage, charge, or encumbrance against any of the land which in any way will impair or otherwise adversely affect the preservation of said land for the use or uses set out in Section 2(b) of Part I of this Contract.

(5) From time to time duly pay and discharge, or cause to be paid and discharged when the same become due, all taxes, assessments, and other governmental charges which are lawfully imposed upon any of the land and which if unpaid may by law become a lien or charge upon said land and thereby impair or otherwise adversely affect the holding of said land for the use or uses set out in Section 2(b) of Part I of this Contract.

(6) Faithfully observe and conform to all valid requirements of any governmental authority relative to the land and all covenants, terms, and conditions applicable to said land.

(B) Fair Market Value. The Public Body shall take all appropriate steps to assure that the consideration it pays for the land does not exceed fair market value at the time of acquisition. If the Secretary determines that the consideration paid by the Public Body is in excess of fair market value, for purposes of computing the amount of the Grant, the acquisition cost shall be reduced by the amount of the excess.

(C) Special Provisions Relating to Sale or Lease of Land. If the Project proposes that the Public Body lease or sell all or part of the land, the Public Body must first obtain written approval of the Secretary before such leasing or sale is undertaken. Approval will be given only if such leasing or sale is consistent with the Project and adequate controls are embodied in the lease or deed to assure the preservation of the open-space use or uses of such land as set out in Section 2(b) of Part I of this Contract.

(D) Use of Land

(1) No change in the use of the land to a use other than the open-space uses set out in Section 2(b) of Part I of this Contract will be permitted without the prior written approval of the Secretary. Before such approval will be given, the Public Body must demonstrate to the Secretary's satisfaction that:

(a) The conversion is essential to the orderly development and growth of the urban area involved;

(b) The conversion is in accord with the comprehensively planned development of the urban area; and

(c) The open-space land is being or will be replaced, without cost to the Federal Government, by other open-space land of at least equal fair market value at the time of conversion, and of as nearly as feasible equivalent usefulness and location.

(2) The Public Body shall not discriminate upon the basis of race, color, or national origin in the sale, lease, or rental or in the use or occupancy of the land or any improvements erected or to be erected thereon, or any part thereof.

(3) The Public Body shall not restrict the use of the land, as developed, on the basis of place of residence, except that a reasonable fee charged nonresidents over and above any fee that may be charged residents shall not be interpreted as a restriction of the use of such land.

(E) Transfer of Public Body's Interests in Land to Another Public Body. Before the Public Body transfers its interests in the land to another Public Body, it shall require its transferee to enter into a contract with the Secretary agreeing in writing to be bound by all of the applicable terms and conditions of this Contract.

SEC. 105. PAYMENT OF GRANT

(A) Advance or Progress Payments. Under or subject to such conditions as the Government may, in writing, specify which are not inconsistent with applicable law, the Government may, in its discretion, make advance or progress payments to the Public Body on account of the Grant, or on account of the increase with respect to the Grant provided for in Section 4 of Part I of this Contract, at such time or times prior to the completion of the Project and the final determination of the total cost thereof as, in view of the status of the Project and the matters relative thereto, the Government may deem appropriate, but no such advance or progress payment will be made unless and until the Public Body shall have filed its written request with the Secretary for such advance or progress payment: Provided, That the Public Body is not in default on any of the terms of this Contract. The Public Body shall deposit such advance payment funds in a bank or banks which are members of the Federal Deposit Insurance Corporation.

(B) Requisition for Grant Payment. The Public Body shall file its requisition for payment of Grant, including the increase provided for in Section 4 of Part I of this Contract, on a form or forms prescribed by the Secretary. Such requisition shall be accompanied by the Public Body's certification of purposes, demonstrating the need, at the time, for the funds requisitioned; that the amount sought is reasonable; and that the purposes for which it proposes to expend the funds are within the purview of this Contract.

(C) Acquisition, Development, and Demolition Costs. Payment of the Grant provided for in Section 3 of Part I of this Contract shall be based on acquisition, demolition, and development costs which have been determined by the Secretary as eligible Project costs, in the light of applicable Federal law and in accordance with the Secretary's rules and regulations implementing that law. The acquisition cost shall not include (1) ordinary State or local governmental expenses; (2) costs of acquiring land located outside the urban area for which the Public Body exercises (or participates in the exercise of) open-space responsibilities; (3) the cost of land acquired prior to the notification of the Public Body by the Secretary of his approval of the Application or of the acquisition of such land; or (4) the cost of land acquired with the assistance of funds received directly or indirectly from the Government, or any agency or instrumentality thereof, other than under the terms of this Contract. The development cost shall include only those costs which are necessary to prepare the land for open-space use and shall not include (1) the cost of development undertaken prior to the notification of the Public Body by the Secretary of his approval of the Application or of the development of the land or (2) the cost of specialized major recreation facilities. The demolition cost shall include only those costs which are necessary for the demolition and removal of buildings and structures from developed land acquired as part of the Project.

SEC. 106. LABOR AND CONSTRUCTION PROVISIONS

(A) Contract and "Force Account" Work. The Public Body may elect to carry out any necessary demolition, construction, or development activities as a part of the Project by utilization of its own employees or it may have such work done under written contracts let by it. Any contracts entered into for Project work shall contain appropriate provisions to require compliance with all applicable Federal laws and regulations pertaining to such contracts, to the work to be performed thereunder, and to the persons employed in the carrying out of such contracts.

(B) Competitive Bidding. The Public Body will give full opportunity for free, open, and competitive bidding for each contract to be let by it calling for construction, demolition, or other similar work, as a part of the Project, or for the furnishing of any materials, supplies, or equipment for or use on, the Project and will give such publicity to its advertisements or calls for bids for each such contract as will provide adequate competition; and the award of each such contract, when made, will be made by it as soon as practicable to the lowest responsible bidder: Provided, That in the selection of such materials, equipment, or supplies, the Public Body may, in the interest of standardization or ultimate economy, if the advantage of such standardization or such ultimate economy is clearly evident and an appropriate provision for such action is included by it in the proposed contract documents upon which bids are invited, award a contract to a responsible bidder other than the lowest in price: Provided further, That purchases of such materials, equipment, or supplies in amounts of \$2,500 or less, and contracts in amounts of \$2,500 or less calling for construction, demolition, or other similar work, as a part of the Project, may, except where contrary to the requirements of State or local law, be made from time to time by the Public Body without negotiation or competitive bidding and without observance of the other provisions of this subsection.

(C) Provisions To Be Included in Certain Contracts. Before the Public Body receives bids or proposals for, or otherwise negotiates for, a proposed contract which calls for the performance of any work on the Project which will entail, for such work, the employment by the contractor or his subcontractors of laborers or mechanics, the Public Body shall include in the proposed contract documents appropriate wage schedules (including applicable wage determinations of the Secretary of Labor, United States Department of Labor) and other provisions which are consistent with the provisions embodied in that document entitled "Federal Labor Standards Provisions" attached hereto marked HUD-3200 and made a part hereof. Such schedules, wage determinations, and other provisions, as included in such proposed contract documents, shall also be included in the contract documents as executed. The Public Body will include in each contract mentioned in the preceding sentence of this subsection an appropriate provision requiring the contractor to insert in each of his subcontracts which will entail the employment by such subcontractor of laborers or mechanics, as aforesaid, wage and other provisions which are consistent with such contractor's contract with the Public Body.

(D) State or Local Laws Concerning Wage Rates for Laborers and Mechanics. If State or local laws require that laborers or mechanics who are employed by the Public Body's contractors, or by such contractors' subcontractors, in the development of the Project, be paid not less than the wages which are established pursuant to such laws and if such wages so established are higher than the wages which are determined by the Secretary of Labor, United States Department of Labor, pursuant to the aforesaid Davis-Bacon Act, to be the wages prevailing in the locality in which the Project is situated, nothing in this Contract is to be construed as intended to relieve the Public Body of its obligation, if any, to require payment of such higher wages.

(E) Equal Employment Opportunity

(1) Activities and Contracts Not Subject to Executive Order 11246. In the carrying out of the Project, the Public Body will not discriminate against any employee or applicant for employment because of race, creed, color, or national origin. The Public Body will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, creed, color, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Public Body agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Government setting forth the provisions of this nondiscrimination clause. The Public Body will, in all solicitations or advertisements for employees placed by or on behalf of the Public Body, state that all qualified applicants will receive consideration for employment without regard to race, creed, color, or national origin. The Public Body will incorporate the foregoing requirements of this subparagraph (1) in all of its contracts for Project work, except contracts governed by subparagraph (2) of this Section 106(E) and contracts for standard commercial supplies or raw materials, and will require all of its contractors for such work to incorporate such requirements in all subcontracts for Project work.

(2) Contracts Subject to Executive Order 11246. The Public Body will incorporate or cause to be incorporated into any contract for construction or modification thereof which is subject to Executive Order 11246, and the rules and regulations of the Secretary of Labor pursuant thereto, the following provisions, altered only to reflect the proper identity of the parties:

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, creed, color, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, creed, color, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Body setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, creed, color, or national origin.

(3) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided, advising the labor union or workers' representative of the contractor's commitments under Section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(4) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(5) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor or the Secretary of Housing and Urban Development pursuant thereto, and will permit access to his books, records, and accounts by the Public Body, the Secretary of Housing and Urban Development, and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(7) The contractor will include the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the Public Body or the Secretary of Housing and Urban Development may direct as a means of enforcing such provisions, including sanctions for noncompliance; Provided, however, That, in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the Public Body, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

(3) Definition -- Contract for Construction. As used in this Section 106(E), "contract for construction" means any contract or agreement for demolition, site clearance, site preparation, or development.

(4) Enforcement Obligations of Public Body. The Public Body will assist and cooperate actively with the Secretary of Housing and Urban Development and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the provisions set forth in subparagraph (2) and with the rules, regulations, and relevant orders of the Secretary of Labor and will obtain and furnish to the Secretary of Housing and Urban Development and to the Secretary of Labor such information as they may require for the supervision of such compliance. The Public Body will enforce the obligations of contractors and subcontractors under such provisions, rules, regulations, and orders and will carry out sanctions and penalties for violation of such obligations imposed upon contractors and subcontractors by the Secretary of Labor or the Secretary of Housing and Urban Development. The Public Body will refrain from entering into any contract subject to Executive Order 11246 or extension or other modification of such a contract with a contractor who has been debarred from Government contracts and federally assisted construction contracts under Part II, Subpart D, of Executive Order 11246, or who has not demonstrated his eligibility for such contracts as provided in Part II of Executive Order 11246. In the event the Public Body fails and refuses to comply with its undertakings, the Public Body agrees that the Government (i) may cancel, terminate, or suspend this Contract in whole or in part, (ii) may refrain from extending any further assistance

under the program with respect to which the failure or refusal occurred until satisfactory assurance of future compliance has been received from the Public Body, or (iii) may refer the case to the Department of Justice for appropriate legal proceedings.

SEC. 107. DEFAULTS AND REMEDIES

(A) Termination or Suspension of Contract. The Government may terminate or suspend this Contract at its discretion upon the happening of any of the following:

- (1) The failure of the Public Body to complete the Project within the time prescribed in Section 5 of Part I of this Contract;
- (2) The making of any misrepresentation by the Public Body in its Application or in the furnishing of any information to the Secretary;
- (3) The violation of any of the terms or conditions of this Contract;
- (4) Any event which makes the accomplishment of the Project by the Public Body impossible, improbable, infeasible, or illegal; or
- (5) The commencement of any litigation challenging the performance by the Public Body of any of its duties or obligations which may jeopardize or adversely affect the Project, this Contract, or the Grant.

(B) Forfeiture of Grant

(1) If the Public Body should change the use of the land from the use or uses designated in Section 2(b) of Part I of this Contract without the prior written approval of the Secretary, or should it transfer its interests in the land to another Public Body without requiring the transferee to execute the contract with the Secretary provided for by Section 104(E) of this Part II, the Public Body shall at the request of the Secretary repay to the Government the amount of the Grant.

(2) For any other violation of any of the terms of this Contract, the Secretary may, in addition to such other remedies as may exist at law or in equity, require repayment of all or part of the Grant to the Government.

(C) When Rights and Remedies Not Waived. In no event shall the making by the Government of any Grant payment to the Public Body constitute or be construed as a waiver by the Government of any breach of covenant or any default which may then exist on the part of the Public Body, and the making of any such payment by the Government while any such breach or default shall exist shall in no wise impair or prejudice any right or remedy available to the Government in respect of such breach or default.

SEC. 108. MISCELLANEOUS PROVISIONS

(A) Interest of Public Body Personnel and Other Local Public Officials. The Public Body shall adopt and enforce measures to assure that no member of its governing body and no other officer or employee of the Public Body and no member of the governing body or other public official of any other local public body in the urban area in which the Project is situated, who exercises any functions or responsibilities in connection with the carrying out of the Project, shall, prior to the completion of the Project, voluntarily acquire any personal interest, direct or indirect, in any property included in the Project or in any contract or proposed contract in connection with the undertaking of the Project. If any such member, employee, or officer presently owns or controls, or in the future involuntarily acquires, any such personal interest, he shall immediately disclose such interest to the Public Body. Any member, employee, or officer who shall have or acquire such interest shall not participate in any action by the Public Body affecting the undertaking of the Project, unless the Public Body shall determine that, in the light of the personal interest disclosed, the participation of such individual in any such action would not be contrary to the public interest. The Public Body shall promptly advise the Secretary of the facts and circumstances concerning any disclosure made to it pursuant to this provision and the action taken by the Public Body upon being made aware of said facts and circumstances.

(B) Interest of Certain Federal Officials. No Member of or Delegate to the Congress of the United States, and no Resident Commissioner, shall be admitted to any share or part of this Contract or to any benefit to arise from the same.

(C) Bonus or Commission. The Public Body shall not pay any bonus or commission for the purpose of obtaining the Secretary's approval of the Application or any other approval by the Secretary which may be necessary under this Contract.

(D) Government Not Obligated to Third Parties. The Government shall not be obligated or liable under this Contract to any party other than the Public Body.

(E) How Contract Affected by Provisions Being Held Invalid. If any provision of this Contract is held invalid, the remainder of this Contract shall not be affected thereby if it is in conformity with the terms and requirements of applicable law.

(F) Provisions Concerning Certain Waivers. Subject to applicable Federal law, any right or remedy which the Government may have under this Contract may be waived in writing by the Government by a formal waiver and either with or without the execution of an amendatory or supplementary agreement, if, in the judgment of the Government, this Contract, as so modified, will still conform to the provisions and requirements of applicable laws.
